

VSL PROVIDERS					
	DATA GROUPS	PREPOPULATED	RULES	ADDITIONAL INFORMATION	
	COURSES GROUP				
	COURSE PACKET (generates UID5)	YES	All non-deleted courses (2009-2019)		
	E307 Course code	Reported values			
	E308 Course name				
	E350 Course of study load				
	E596 Standard course duration		New element		
	E609 Course effective from date		Uses 1 January of the first year the course was submitted		
	E610 Course effective to date		N/A - Providers may choose to provide an end date for these reference data. But it is not a requirement to do so.		
	STUDENTS GROUP				
	STUDENT PACKET (generates UID8)	YES	TCSI prepopulated with all student data (2009-current year)		
	E313 Student identification code	Reported values			
	E314 Date of birth				
	E402 Student family name				
	E403 Student given name first				
	E404 Student given name others				
	E410 Residential address street				
	E469 Residential address suburb				
	E470 Residential address state				
	E658 Residential address country code			Uses code 1101 if address is in Australia	Field is blank if address is not Australian Revisions must use new codes
	E320 Residential address postcode			Uses value for the last reporting period in which the student incurred load	
	E416 Tax File Number				
	E488 CHESSN			Uses Master CHESSN	
	E584 Unique Student Identifier				
	E315 Gender code				
	E316 Aboriginal and Torres Strait Islander code			Populated with last reported ATSI value stored in HEIMS	
	E346 Country of birth code			Reported value for Australia will be transformed to new value 1101 as per 2020 element specifications	
	E347 Year of arrival in Australia				
	E348 Language spoken at home code				
	E572 Year left school				
	E612 Level left school				
	E661 Term address country code				
	E319 Term address postcode				
	🔄 Disability extension:	Reported values	Value reported for a student at the last reporting period in which the student incurred load. Transformed into E615 codes. 1 January of the first year a value was submitted in enrolment file.	Revise pre-2020 disability records using use new E615 code values.	
	E615 Disability code				
	E609 Disability effective from date				
	E610 Disability effective to date				
	🔄 Citizenship extension:			Populated with all reported values. There must be a continuous value for this field - each unit must always be linked to a citizenship status.	Citizenship history is required to support revisions and entitlement calculations.
	E358 Citizen resident code		The date a new value is reported. The effective to value is system generated using the date immediately before the new citizenship value.		
	E609 Citizenship effective from date				
	🔗 First reported address extension (for revisions only):		First address fields are populated with the original address details reported by the provider with the student's first enrolment. Where no data exists, these fields will be NULL.	These new elements would only be used to correct an error to the original address. Current address (E410, E469, E470, E658, E320) details are updated as new data is reported. 2014 was the first year HEIMS stored the first reported address as well as current address details	
	E787 First residential address street				
	E789 First residential address suburb				
	E791 First residential address state				
	E659 First residential address country code				
	E790 First residential address postcode				

	DATA GROUPS	PREPOPULATED	RULES	ADDITIONAL INFORMATION
	COURSE ADMISSIONS GROUP	YES		
	COURSE ADMISSION PACKET (generates UID15)		All course admissions will be transferred	
	E534 Course of study commencement date	Reported value		
	E330 Type of attendance code			
	E620 Highest attainment code	New element	Replaces 493 - not populated with existing values	
	E575 Study reason code	Reported value		
	E576 Labour force status code			
	E599 Course outcome code	New elements		
	E592 Course outcome date			
	⇒ Basis for admission extension:	Reported value	Only basis for admission with values greater than '01'	
	E327 Basis for admission code			
	⇒ Course prior credit extension:		Populated with the aggregated credit value for a course admission	
	E560 Credit used value		Uses the last reported credit basis	
	E561 Credit basis code		Uses the last reported provider code	
	UNITS OF STUDY GROUP	YES		
	UNIT OF STUDY PACKET (generates UID7)			Includes active, deleted, remitted, invalidated & adjusted records.
	E354 Unit of study code	Reported value	All unit of study data (2005-current year) will be transferred to TCSI.	
	E464 Discipline code		If a unit has been reported with more than one discipline code over time a new unit will be created for each discipline code	The effective from date = the first census date. Effective to date = day before census date for the new code
	E622 Unit of study year long indicator	New elements	Uses the census date for the first reported unit of study	
	E609 Unit of study effective from date			
	E610 Unit of study effective to date		N/A	
	UNIT ENROLMENTS GROUP	YES		
	UNIT ENROLMENT PACKET (generates UID16)		TCSI will be prepopulated with all unit enrolment data.	Includes active, deleted, remitted, invalidated & adjusted records.
	E489 Unit of study census date			
	E600 Unit of study commencement date	New element		
	E355 Unit of study status code	reported value		
	E601 Unit of study outcome date	New elements		
	E619 Course assurance indicator			
	E577 Recognition of prior learning code	Reported values		
	E329 Mode of attendance code			
	E490 Student status code			
	E446 Remission Reason Code		Populated with all remissions due to special circumstances (E446 = 01)	Deleted records (E446 = 4) are flagged as deleted
	E339 EFTSL			
	E384 Amount charged			
	E381 Amount paid upfront			
	E529 Loan fee			
	E558 HELP loan amount			
	CAMPUSES GROUP	NO		
	DELIVERY LOCATION PACKET (generates UID2)		This is a new data group for the VSL collection.	
	E625 Delivery location code			
	E627 Delivery location street address			
	E678 Delivery location suburb			
	E630 Delivery location state			
	E660 Delivery location country code			
	E477 Delivery location postcode			
	E609 Campus effective from date			
	E610 Campus effective to date
